DETAILED ACTION

Claim Objections

Claims 8-11 are objected to because of the following informalities: claim dependencies are improper. Claims are withdrawn from consideration on the merit due to improper dependency. Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 7 is rejected under 35 U.S.C. 102(b) as being anticipated by Frohbach et al (US 5,363,200).

Frohbach et al discloses a laser scanning unit (Fig. 4) comprising a semiconductor laser (column 5, lines 26-27), a collimator (column 5, lines 28-29), and an f θ lens (50), a micro electronic mechanical system (MEMS) oscillatory mirror that is being disposed between said collimator and the lens (64) wherein the collimator directly projecting the parallel beams onto the

Art Unit: 2872

oscillatory mirror (see the ray at 64 in Fig. 4), the oscillatory mirror directly reflecting the parallel beams into the lens (to 50), the oscillatory mirror oscillating in harmonic motion at regular oscillating amplitude and controlling a direction the parallel beams are reflected onto the lens thereby providing a linear scanning (column 6, lines 15-43 and column 4, lines 55-63).

Response to Arguments

Applicant's arguments with respect to claims have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will

Art Unit: 2872

expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
